MARINE CORPS BULLETIN 3000

From: Commandant of the Marine Corps
To: Distribution List

Subj: MARINE CORPS READINESS REPORTABLE GROUND EQUIPMENT

Ref: (a) DoD Instruction 3110.05, "Readiness-Based Materiel Condition Reporting for Mission-Essential Systems and Equipment," September 25, 2006
(b) MCO 3000.11E
(c) MCO 3000.13
(d) MCO 4105.1B
(e) SECNAV M-5210.1
(f) SECNAVINST 5211.5E
(g) 5 U.S.C. 552a

Encl: (1) Table of Readiness Reportable Ground Equipment
(2) Summary of Additions, Deletions, and Changes to the Table of Readiness Reportable Equipment
(3) Table of Functional Area Codes and Weapon System Management Points of Contact

1. Purpose. To update Marine Corps Bulletin (MCBul) 3000 and publish the FY17 Table of Readiness Reportable Ground Equipment in accordance with references (a) through (g).

2. Summary of Revision. Input for the FY17 MCBul 3000 was received from Headquarters Marine Corps Advocates, Marine Forces (MARFORs), Marine Corps Combat Development & Integration (CD&I), Marine Corps Logistics Command (MARCORLOGCOM), Marine Corps Systems Command (MCSC), as well as Operational Advisory Groups (OAGs). This Bulletin consists of 231 Principal End Items (PEI), with 93 items designated as Mission Essential Equipment (MEE).

3. Background

a. The intent of the MCBul 3000 is to capture the best sampling of equipment that represents the Marine Corps' ability to perform its mission. References (b) and (c) establish the criteria for reporting the level and condition of unit equipment. Reference (b) provides the procedures for nominating and reporting Marine Corps ground equipment. This Bulletin identifies the readiness reportable PEI and MEE selected for reporting equipment status within the Marine Corps. In accordance with reference (c), readiness reporting will be accomplished in the Defense Readiness Reporting System - Marine Corps (DRRS-MC).

b. Definitions

DISTRIBUTION STATEMENT A: Approved for public release; distribution is unlimited.

(1) Principal End Items (PEI). PEI's are those items that have been nominated by the MARFORs, Supporting Commands (CD&I, MCSC, MARCORLOGCOM), the applicable Headquarters Marine Corps advocates and OAGs. The designated Total Force Structure Management System (TFSMS) data element for PEI Readiness Reportable is 'R'. The items selected provide an adequate measure of overall equipment status and/or capability for the MARFORs. To preclude gross distortions of equipment status, items whose serviceability/operational capability undergo frequent inspection or which can be readily replaced by the unit's first source of supply are not included in this list (e.g., rifles, pistols). Non-reparable items are also excluded from readiness reporting per paragraph 4a(2)(b)1 of reference (b).

(2) Mission Essential Equipment (MEE). MEE is a subgroup of PEI and items of equipment whose availability is essential and indispensable for the execution of the Mission Essential Tasks (METs) of the unit in support of a Combatant Commander. The designated TFSMS data element for MEE Readiness Reportable is 'M'. Items designated as MEE are of such importance that they are subject to continuous monitoring throughout the Department of Defense per paragraph 4a(2)(b)2 of reference (b).

c. Enclosure (1) is the updated Table of Readiness Reportable Ground Equipment and contains the revised assignments of the Weapon System Group Codes. Per reference (d), the Defense Logistics Agency's (DLA) Weapon System Support Program (WSSP) was established to enable the services to identify DLA managed parts required to ensure adequate supply posture in support of organizational readiness objectives.

d. Enclosure (2) summarizes the additions, deletions, and changes to the FY16 list of readiness reportable equipment.

e. Enclosure (3) is a current table of Weapon System Management telephone numbers by Functional Area (FA) Code, and Weapon System Codes (WSC). Commanding General, Marine Corps Logistics Command (CG MARCORLOGCOM) and Commanding General, Marine Corps Systems Command (CG MCSC) use these codes to facilitate total life-cycle management of items contained in this Bulletin, and to assist with the management/evaluation of materiel readiness trends.

4. Action

a. All Marine units, to include Operating Forces (Active and Reserve), Supporting Establishments (i.e., MARCORLOGCOM, bases, posts, and stations) and Strategic Programs (i.e., Maritime Prepositioning Force, Marine Corps Prepositioning Program - Norway) will report the status of ground equipment listed in enclosure (1) of this Bulletin.

b. All of the readiness reportable equipment listed in enclosure (1) will be tracked and reported within an approved Accountable Property System of Record, to include: Global Combat Support System - Marine Corps (GCSS-MC), Stock Control System and Defense Property Accounting System. Units identified by Deputy Commandant for Plans, Policies and Operations (DC PP&O) as readiness reportable units will report this equipment per references (b) and (c) in DRRS-MC.

c. Task-organized units/Marine Air-Ground Task Forces (MAGTFs), e.g., Marine Expeditionary Units, will use reporting procedures per references (b) and (c). Equipment that is listed as MEE for joining attachments will be reported by the task-organized unit/MAGTF as MEE. For example, Howitzers and

Medium Tactical Vehicle Replacements for an Artillery Battery and Light Armored Vehicles (LAVs) for a Light Armored Reconnaissance Company are to be reported by the gaining task-organized unit/MAGTF as MEE items.

d. Reserve units activated and joined to a like active unit will report per references (b) and (c). Equipment listed as MEE for the gaining active unit will be listed as MEE for the activated reserve unit.

e. HQMC (I&L) will coordinate the review of this Bulletin on an annual basis.

f. CD&I (TFSD) will update the readiness reportable flag indicators resident in the TFSMS Item Data File, as reflected in enclosures (1) and (2) and will ensure Table of Authorized Materiel Control Number (TAMCNs) designated in TFSMS as readiness reportable shall not be zeroed out without DC I&L and DC PP&O approval.

g. MCSC

(1) Ensure all data within TFSMS is updated so that a WSC can be automatically generated for those weapon systems which meet the criteria as stated in reference (d), and establish formal equipment WSC and FA Code validation and reconciliation processes and procedures to support OAG and MAGTF MET List capability reviews.

(2) Ensure the next MAGTF Data Library and GCSS-MC maintenance release reflect the proper readiness flag indicators and TAMCN allowances for the Using Units.

h. MARCORLOGCOM

(1) Update the GCSS-MC Table of Authorized Materiel and ID Standards File, as required or directed in support of enclosures (1) and (2).

(2) Ensure all weapon systems listed in enclosure (1) are properly registered in both the Item Application System and the DLA WSSP. Once the weapon systems are registered, MARCORLOGCOM shall provide DLA Weapon Item Data Transactions (i.e., WS1 or WS3) to the appropriate DLA Defense Supply Centers as required.

(3) Establish formal arrangements for the periodic validation and reconciliation of weapon systems applications files for DLA managed items.

(4) Ensure that a semiannual review of WSC is performed and that the current status of weapons systems is reflected in the DLA WSSP Database.

5. Administration & Logistics

a. Electronic copies of this Bulletin can be found on the official Marine Corps Publications Electronic Library
<http://www.marines.mil/News/Publications/ELECTRONICLIBRARY.aspx>.

b. Records created as a result of this Bulletin shall be managed according to National Archives and Records Administration approved dispositions per reference (e) to ensure proper maintenance, use, accessibility and preservation, regardless of format or medium.

c. Privacy Act. Any misuse or unauthorized disclosure of Personally Identifiable Information (PII) may result in both civil and criminal

penalties. The DON recognizes that the privacy of an individual is a personal and fundamental right that shall be respected and protected. The DON's need to collect, use, maintain, or disseminate PII about individuals for purposes of discharging its statutory responsibilities will be balanced against the individuals' right to be protected against unwarranted invasion of privacy. All collection, use, maintenance, or dissemination of PII will be in accordance with the Privacy Act of 1974, as amended (reference (f)) and implemented per reference (g).

6. Reserve Applicability. The Bulletin is applicable to Marine Forces Reserve.

M. G. DANA
Deputy Commandant for
Installations and Logistics

2. Deletions

TAMCN	FA Code	WSC	WSGC	TFSMS COLLOQUIAL NAME	MEE
A01297G	10	40	C	TACTICAL HANDHELD RADIO (THHR)	
A01927G	19	MJ	C	CIHEP TECHNICAL SUPPORT SET	
A03057G	13	UI	C	MOBILE TACTICAL AIR OPERATIONS MODULE (TAOM) (AN/TSQ-269)	*
B15817B	29	C9	C	PUMP MODULE, WATER	

3. Administrative Changes

TAMCN	FA Code	WSC	WSGC	Nomenclature (TFSMS Colloquial Name, Model)	MEE	CHANGES
A00037G	18	FX	C	TRSS DAY/NIGHT IMAGER, V2 (IMAGER 2)		Change from MEE to PEI
A01727G	7	29	C	POWER MODULE		Change WSC from 26 to 29
A02697G	5	5C	C	ENTERPRISE SWITCH MODULE		Change WSC from 52 to 5C
A03217G	19	HM	C	SMALL UNIT REMOTE SCOUTING SYSTEM (SURSS), RAVEN SUAS (RQ11B RAVN GIMBL)	*	Change from PEI TO MEE
A03587G	18	LG	C	MONITOR SYSTEM, REMOTE SENSORS, LITE		Change from MEE to PEI
A15007G	14	GS	B	RADAR SET, AIR TRAFFIC CONTROL, LTWT (AN/TPS-63B)	*	ADD MEE Information
A23007G	18	6Y	C	TRSS RADIO REPEATER SET		Change WSC from 6Y to GO
A32557G	18	G1	C	SENSOR, GROUND, UNATTENDED		Change from MEE to PEI
B00357K	29	12	A	CAT III MINE RESISTANT AMBUSH PROTECTED VEHICLE (CAT-III MRAP)	*	Change from PEI TO MEE
B01052B	29	8M	C	LIGHTWEIGHT CARBON ROD DETECTOR		Change WSC from 8J to 8M
B01217B	24	IC	C	INTERIOR BAY, M17		Change WSC from 1C TO IC
B01227B	24	ID	C	RAMP BAY		Change WSC from 1D TO ID
D00367K	29	1D	A	M-ATV W/UIK		Change from PEI TO MEE
D00527K	32	KX	B	TRUCK CARGO 22.5 TON, 10X10, (LVSR) AMKR 18 ARMORED LVSR	*	Change WSC from 8E TO KX
D00537K	32	KY	A	TRUCK, TRACTOR, 10X10 (LVSR) AMKR 16 ARMORED LVSR	*	Change WSC from 10 to KY
D00547K	32	L1	B	TRUCK, WRECKER, 10X10 (LVSR) AMKR 15 ARMORED LVSR	*	Change WSC from 1P TO L1
E00647G	29	1E	B	MTRS EOD PACKBOT		Change WSCG from C to B
E00667G	29	1F	B	TALON ROBOT		Change WSCG from C to B
E01497B	40	UG	B	BRIDGE, SCISSOR F/AVLB (MLC70)	*	Change WSCG from C to B
E01507B	40	UJ	B	ARMORED VEHICLE, LAUNCHER, BRIDGE (M60A1 AVLB)	*	Change from PEI TO MEE
